SPECIAL PRICE LIST NO. 104

1929
NATIONAL BANK NOTES AT SPECIAL SAVINGS

Nearly half a century ago, before the Great Depression, Federally chartered banks were permitted to issue their own paper money, guaranteed by the United States Treasury. The notes issued by these banks in 1929 were similar to the regular notes then circulating, with certain very important and striking differences.

First, the Treasury Seal and serial numbers were printed in brown ink. The name of the bank was engraved on the left, while the bank's charter number was also printed in the design. The signatures of the bank's Cashier and President appeared at the bottom of the note, while the normal U.S. Treasury signatures were moved to the top. Today, these fascinating and seldom-seen obsolete notes are eagerly sought by collectors, especially since they are still legal tender and fully redeemable for their face value.

Recently we discovered a small, *Uncirculated* group of these $10.00 National Bank Notes issued by the First National Bank of Easthampton, Massachusetts (Charter No. 428), and we are pleased to offer them to you for only $39.50 each -- an outstanding value when you consider the fact that the Hessler catalogue lists this note at $50.00, while the Friedberg catalogue, the authoritative reference work on currency, lists it at *$75.00!* And since the notes in this group are consecutively numbered, you can acquire an Uncirculated, consecutively numbered pair for only $75.50. That's value! Supply is limited, so be sure to order early.

1929 $10, Easthampton National Bank, Unc $39.50

Two notes consecutively numbered, Unc $75.50

A "Blue-Moon" Opportunity

Here is one of those "once-in-a-blue-moon" numismatic opportunities! For several months we have had considerable difficulty locating original, mint state, 1921 Peace Dollars at coin shows, auctions, etc. Sure, we might find two or three each month, but the demand from our own customers is much greater than that!

Then it happened!

A gentleman came to our office and sold us three original rolls of 1921 Peace Dollars. He told us he had acquired them many years ago when they sold for a mere fraction of today's price. It was obvious these coins had remained undisturbed for years as each has acquired a beautiful toning. Our buyers were particularly impressed by the above average strike each of these coins displays. As you know, most 1921 Peace Dollars are rather flatly struck. Ours are not!

Since only a little over a million of these coins were struck in December, 1921, few were saved at that time by collectors. Their scarcity is well known but can best be amplified by these quotes from leading silver dollar books:

"As the first year of issue and because of their desirable high relief, well-struck 1921 Peace dollars are very much in demand."
An Analysis of Morgan and Peace Dollars
by Wayne Miller

"This issue grew by 1350% in the 14 years between 1961 and 1975 . . . the 1921 issue is climbing away from the Peace dollar series average performance."

Silver Dollar Encyclopedia
Jim Osbon

"Highly recommended in Choice B.U. condition with average strike. A fully-struck coin is recommended to the more knowledgeable buyer . . . (Very Underrated)."

Silver Dollar Fortune-Telling
Les and Sue Fox

Now YOU may buy this very scarce date in either MS-60+ (above average strike) or MS-65 (well above average strike). All carry our standard and exclusive silver dollar SIX-MONTH MONEY BACK GUARANTEE OF SATISFACTION, too! YOU MUST BE PLEASED! Order now as this offer is certainly going to be one of the most popular offerings of the season.

1921 Peace Dollar, Mint State 60+, above average strike and original toning $350.00

1921 Peace Dollar, Mint State 65, well above average strike and original toning $495.00

P.S! *Don't forget!* You have *six full months* to decide if your investment in one of these dollars is right for you. If not delighted, return for a full refund!

Mint Director Says New Smaller Dollar Coin May Be Issued Next Year!

That's why we call the Ike Dollar: "THE DOOMED DOLLAR"

A new, smaller dollar coin may replace the Eisenhower Dollar as early as next year according to a press release by Mint Director, Stella Hackel. The new coins will be suitable for many vending machine applications. It is even hoped that the new proposed smaller dollars will replace the dollar bill since the coins will cost no more to produce and will have a much longer life in circulation than paper dollars.

Naturally, this means the traditional 38.1 mm dollars may become another bit of U.S. history. As such, the older and larger dollars could easily become extremely popular (they already *are very* popular). Prices *could* increase dramatically if the demand outstrips the supply.

As a matter of record, the Eisenhower series contains several dates with exceptionally low mintages as can be seen on the chart below:

1971	(47,799,000)	1974-S Proof	(2,617,350)
1971-D	(68,587,424)	1974-S Silver	(1,900,000)
1971-S Silver	(6,868,530)	1974-S Silver Proof	(1,314,608)
1971-S Silver Proof	(4,265,234)	1976 Type I, 1976 Type II	(117,337,000)
1972	(75,890,000)		
1972-D	(92,548,511)	1976-D Type I, 1976-D Type II	(103,228,274)
1972-S Silver	(2,193,056)		
1972-S Silver Proof	(1,811,631)	1976-S Type I Proof	(2,909,369)
1973	(1,767,691)	1976-S Type II Proof	(4,149,730)
1973-D	(1,767,691)	1976-S Silver	(4,239,722)
1973-S Proof	(2,769,624)	1976-S Silver Proof	(3,295,714)
1973-S Silver	(1,883,140)	1977	(12,596,000)
1973-S Silver Proof	(1,005,617)	1977-D	(32,983,006)
1974	(27,366,000)	1977-S Proof	(3,251,152)
1974-D	(45,517,000)		

The sets we offer will include one of each of the above 29 coins. As you can see, the proof-only issues from the San Francisco Mint are quite scarce as are the 1973 Philadelphia and Denver issues. Each set includes a bookshelf type album, too!

Don't wait! Order your set of "Ikes" now *before* the series is possibly discontinued.

29-Piece Eisenhower Dollar Set, 1971-1977, In Album, Mint State 60 or Better and Proof 65, Just $235.00

Rare Coin Investment . . .

— An Investment Alternative That Might Be Right For You!

In these days of devaluation, double-digit inflation, and uncertainty about the economy, it is refreshing to know there is one form of *long term* investment that has kept pace with the cost of living *plus* has an excellent record for returning good profits to those who are patient. Rare Coins and Rare Currency are such an investment. Over the last decade, prices have increased tremendously for such coins and currency. Even though many people have realized substantial profits, rare coin and currency investment is not for everyone! Usually only those who are willing to invest their money for a minimum of five years will realize the maximum potential from their investments. To those who are willing to wait, the rewards are often great. Naturally, no one can guarantee the future will yield returns as great as those of previous years, but all present indications point to a healthy rare coin market for years to come! Just take a look at the performance of some randomly selected rare date gold coins over the past fifteen years as reported by *A Guide Book of United States Coins* by R.S. Yeoman.

INVESTORS CLUB

You Select Your Area of Specialization

Many rare coin investment programs do not give the client much choice in regard to the coins he receives. Paramount is different. We offer seven main areas of specialization from which to choose. Unless you inform us otherwise, all selections you receive will come from the area of your main interest. The seven areas you may choose from are:

- Silver Dollars — Silver Dollars have been among the most rapidly appreciating coins in recent years. In fact, Silver Dollars are the most widely collected denomination of U.S. coins. Paramount is the leading dealer of quality Silver Dollars. We carry a large inventory of dates at all times. Over the years, we have assisted many collectors in acquiring complete sets of silver dollars. All dollars in this program will grade Mint State 60 or better.
- Commemorative Coins — Commemorative coins are considered by many to be the most underrated of all U.S. coins. Mintages are extremely low when compared to other series. Prices, on the other hand, are very reasonable when you consider the mintages. Paramount always has a large selection of mint state commemoratives available. All commemorative coins in this program will grade a minimum of Mint State 60.
- Rare Date Gold Coins — A very specialized area primarily for the more serious investor or collector. Included are rare individual dates, beautiful and rare gold proofs, etc. These coins are generally available only to the investor selecting the $1000 (or higher) per month program. Truly rare and choice gold coins cannot be acquired for lesser amounts. Price appreciation for such coins has historically been very favorable. All rare date gold coins included in this plan will grade EF-40 or better.
- United States Type Coins — Type collecting is one of the more popular methods of collecting. This program involves the acquisition of a representative example of every U.S. coin design. Specific dates are not collected. This program can also include gold coins, if you desire. All type coins sent in this program will be in the highest possible condition.
- Specialized — Our specialized program is just that — specialized to fit your own personal desire and goals. We will gladly assist you in assembling a set of Indian Head cents, Shield nickels, Liberty nickels, Barber dimes — or whatever. Tell us specifically what you want in your portfolio and we will take it from there. Personal service to you is our objective with this and all our investment programs.
- Currency — Many believe the real popularity of rare currency collecting is still to come. Currency offers rarity, quality, and magnificent artistic beauty. Paramount has been dealing in this area for several years and is known for handling notes of the highest quality. Currency in this plan will generally be Uncirculated or Gem.
- General — The coins included in this program will be non-specified. For instance, you might receive rolls of Mint State Coins, Silver Dollars, Commemoratives, etc. In all likelihood, you will receive duplicates. Our staff will select only quality coins which we feel offer you potential growth. Both United States and Foreign coins will be included in this plan.

Exclusive Six-Month Money Back Guarantee!

Ask yourself what rare coin firm is so confident about their grading standards that they will extend a written SIX-MONTH MONEY BACK GUARANTEE on the coins they sell. No matter how hard you try to remember, there is only one such coin firm — **PARAMOUNT!** We have offered such a guarantee for over two years on Redfield silver dollars. Obviously, this is not a sales gimmick that is "here today and gone tomorrow". We know what the competition sells and we are proud to offer superior quality silver dollars for a fair price — and *still* allow you SIX FULL MONTHS to decide whether you wish to keep them! And now, Paramount announces this same SIX-MONTH MONEY BACK GUARANTEE also covers all coins and currency purchased by members of the Paramount Investors Club! But to take advantage of this *exclusive* Paramount return privilege, you *must* be a member of this club.

What we offer which is different from the rest is *personalized service* with *no high pressure.* We want you to examine the coins and currency we send you in the privacy of your own home — and then take up to a full SIX-MONTHS to decide whether you wish to keep them, or return them for a full refund! *But once again we have to stress:* **THIS SIX-MONTH MONEY BACK GUARANTEE APPLIES ONLY IF YOU ARE A REGISTERED MEMBER OF THE PARAMOUNT INVESTORS CLUB.**

Photographs, Too!

A new feature we offer is a clear black and white photograph of each coin you purchase as a member of the Paramount Investors Club with a selling price of $300 or more. These photos will be valuable for record keeping and insurance purposes. Included will be a photo of both the obverse and reverse.

Photos will be automatically sent with all coins selling for $300 or more. On coins selling for less, photos are available for $5.00 per coin (includes obverse and reverse). Note: *Photographs are available only to members of the Paramount Investors Club.*

Send Your Application Today!

To join the Paramount Investors Club, simply complete and return the application form found on the following page. There are no membership fees and you may cancel your membership at any time. DIRECTLY FROM THE MOSCOW BANK FOR FOREIGN TRADE

1947 Bank and Treasury Notes

Paramount recently acquired a small number of *complete sets* of beautiful 1947 State Bank Notes and 1947 State Treasury Notes directly from the Bank For Foreign Trade in Moscow. These notes lay undisturbed in the Bank's vaults for over twenty years, and every single note is in perfect crisp uncirculated (new) condition, the condition most highly prized by collectors of rare currency.

• Legal Tender Until 1961 •

These superbly engraved, richly colored notes served as actual circulating legal tender in the Soviet Union between 1947 and 1961. All have long since disappeared from circulation and complete sets are very difficult to locate today in choice condition.

• Engravings and Watermarks •

The set of State Bank Notes consists of four multicolored notes in denominations of 10, 25, 50 and 100 roubles. The notes vary in size with the 100 rouble note measuring a massive 4½ inches by 9 inches. Each of the four notes is a work of art and prominently features a magnificent engraving of Lenin. The reverse of the 100 rouble note has a detailed engraving of the Kremlin. As an added feature, just hold the 50 and 100 rouble notes to the light and you will see another portrait of Lenin appearing as a watermark!

The set of State Treasury Notes contains three smaller size notes, in denominations of one, three and five roubles. All three are beautifully colored, particularly on the reverses. The two larger denominations are intricately engraved while the one rouble note was printed with the lithographic process.

• Custom-Made Albums •

Each set is carefully packaged in a deluxe custom-made album. The highest quality pages are used so that every note is completely protected and yet clearly visible from both sides. Each set also comes with a Certificate of Authenticity that guarantees that each note is genuine and once served as legal tender in the Soviet Union.

• Reasonably Priced •

A complete set of the remarkably lovely 1947 State Bank Notes is priced at just $49.95 including the Custom Album. The State Treasury Note set is only $24.95 with album. You can *save $4.95* by purchasing both complete sets for only $69.95.

• Only 3,000 Sets of Each Type Available •

We have obtained the *entire quantity available* from the Bank For Foreign Trade, only 3,000 complete sets of each type. Be sure to order today to avoid disappointment. These sets are an *outstanding value* at our price and are offered on a first-come, first-served basis. Once our small supply is sold out, it is doubtful that we will be able to repeat this offer.

Scandinavian Gold

In a collection we recently purchased, there was a small number of gold coins from Denmark and Sweden — *Scandinavian Gold!* Serious collectors know what a remarkable purchase this was because Scandinavian coins, especially gold coins, are well known for their traditionally low mintages! Each gold coin in this small group predates the First World War and is in beautiful condition. The chance to acquire one of these lustrous coins is certainly worth the consideration of every collector and investor. The following two type coins are available:

Denmark

We currently have eleven Danish 10 kroner gold coins available dated 1908 and 1909. These are the only two years this type coin was struck. The bust of King Frederik VIII is on the obverse while the reverse shows a coat-of-arms and the date. In the standard reference work *Gold Coins of the World* by Friedberg, these coins carry a value of $140 in Very Fine condition. Hans Schlumberger values them for $160, also in Very Fine condition, in his *European Gold Coins Guide Book*. But because of our fortunate purchase, we are in the position of being able to offer this desirable two-year type coin in Almost Uncirculated 50 or better condition for only $129 each! Dates will be of our choice. However, while a selection remains, you may state a preference of date, either 1908 or 1909. Hurry! We expect this offer to be very popular and a complete sell out.

Sweden

The real eye-opener in this collection was a very small number of 1899 Mint State 60, 5 kronor gold coins from Sweden. They feature the bust of King Oscar II on the obverse and three crowns and a large '5' on the reverse. Early Swedish gold coins such as these are seldom seen in such nice condition. When found, they are usually heavily circulated or show signs of being used in jewelry. We guarantee each and every coin we are offering to be strictly mint state. But hurry! Just five pieces are available. Mail or phone your order *today*.

Carson City Starter Set

The silver dollars with the greatest popularity in the Morgan Dollar series are those bearing the famous "CC" mintmark of the legendary Carson City Mint. These coins are synonymous with the Old West and the romantic lore associated with it.

When last offered, this set was a complete sellout. However, we have been able to slowly accumulate enough Mint State 65 Carson City silver dollars during the past few months until we are now in the position to once again offer this extremely popular Carson City starter set. Each coin in this set has been individually inspected by one of our rare coin experts and will grade a full MS-65. The dollars contained in this set are:

1878-CC	**1881-CC**	**1883-CC**	**1885-CC**	**1891-CC**
1880-CC	**1882-CC**	**1884-CC**	**1890-CC**	**1892-CC**

Individually, these ten coins are available for $1423! But we have mounted them in a specially designed three-piece hard plastic holder shaped like the state of Nevada. *We have also included an additional "CC" Morgan Dollar in MS-65 as a reverse type.* With a total value of at least $1470, you can receive these eleven coins *and* the deluxe holder for just $1375! That is less than the individual price of the ten coins listed! The holder is hard plastic and includes openings for every Carson City Morgan Dollar so you can add the three remaining dates to this beautiful collection as your budget allows.

Be certain to place your order before we once again sell out.

1964 Austrian Proof Set

The Olympics are coming! In just two years, the XXII Olympiad will take place in Moscow. In the excitement of this coming extravaganza, it is difficult to realize that it has already been fourteen years since the 1964 Winter Olympics were held in the charming and colorful Austrian town of Innsbruck. In commemoration of the 1964 Winter Olympics, the Austrian government issued a special silver commemorative 50 schilling coin featuring an Olympic skier.

You may now add the 1964 nine-piece Austrian proof set containing the specially issued Olympic skier commemorative to your collection for only $45. Also included in this proof set is the only-year-of-issue 25 schilling commemorative of Franz Grillparzer. Total mintage of this set is less than two million!

Olympic coin collectors are growing in number every week. *Now* is the time to add this proof set to your collection — before the competition for these sets becomes any stronger!

Why Save Copper-Nickel When You Can Have SILVER?

Why save copper-nickel Bicentennial coinage as a reminder of this country's two-hundredth anniversary — just like millions and millions of other people — when you can forever remember this historic anniversary with United States Bicentennial dollars made of *silver?* The silver Bicentennial dollars *you* may own are in *proof* condition; brilliant and with a mirror surface, unlike the gouged, scraped, and dulled non-silver coins found in circulation. And, they are government sealed in their own individual clear, form fitting, hard plastic holders!

The Bicentennial silver dollars we offer were struck at the famous San Francisco Mint and are 40% silver. *None of these low mintage proof silver dollars were ever released into circulation!* But now *you* can add this desirable silver coinage to your collection for a remarkably low price — only $219 for a roll of twenty (20) pieces.

The last time we offered these popular silver dollars we immediately sold-out. Since then, it has taken our rare coin buyers several months to locate the small quantity we now offer. Who can say how long it may take us to locate an additional quantity? Why take the chance of receiving a *sold-out* by sending your order in late? Don't delay. Place your order *now!*

One Roll (20 Pieces) 1776-1976 Bicentennial Silver Dollars, Proof, Only $219.00

United States Commemorative Gold For the Specialist

While most collectors realize the United States issued silver commemorative coins, many are surprised when informed the United States also issued commemorative coins struck in gold! These gold commemoratives were issued between 1903 and 1926 and form one of the most interesting of all U.S. series.

The complete set, as usually collected, consists of just *11 pieces*: nine $1 gold coins and two $2½ gold coins. With the exception of the 1926 Philadelphia Sesquicentennial quarter eagle, all commemorative gold coins have mintages under 20,000 pieces. The 1922 Grant has a mintage of only 5,000 pieces, the lowest of the series. This means that *no more* than 5,000 complete 11-piece sets can exist! Naturally, over the years, pieces have been lost or destroyed, so the actual number of possible sets is *much less.*

As a result of their low mintage and popularity, these gold coins were widely distributed and many became the property of people who were not collectors. Therefore, quite a few of the coins were mishandled and can no longer be considered mint state. Because of this, choice mint state examples are difficult to locate and are eagerly collected.

If you would like to start, or add to your gold commemorative collection, think of Paramount. We maintain one of the largest inventories of mint state commemorative gold coins in the United States and are certain you will be pleased with our conservative grading and prompt, efficient service.

Silver Coins from Latvia
A 3-PIECE
SILVER TYPE SET

One of the most popular fields of world coin collecting is the coinage of countries which no longer exist. There are many such countries: Bohemia, Croatia and Montenegro are just three examples. But among collectors, perhaps one of the best known and most popular is LATVIA.

Latvia, now part of the Soviet Union, borders the Baltic Sea in northeastern Europe. It was an autonomous country during the 1920's and 1930's, and produced several coins of outstanding beauty. These extremely attractive coins are a favorite among world coin collectors and are eagerly acquired whenever located.

We have acquired a small quantity of all three denominations of Latvian silver coins — the only silver coins ever issued by the Baltic country — and offer them here. Each set is packaged in a specially designed custom hard plastic holder. The three attractive silver type coins included in this set are:

- **1 Lats (23 mm), issued for one year**
- **2 Lati (26 mm), issued for two years**
- **5 Lati (36 mm), issued for three years**

All three coins will grade *Very Fine* or better and feature the Latvian Coat of Arms. The obverse of the 5 Lati coin shows the profile of a young female, symbolic of Latvia. The reverse of the other two coins shows the date and denomination surrounded by a wreath. Each coin in this set will be at least forty-five years old.

Who knows how many silver Latvian coins are left for today's collector? Probably not very many have survived the Second World War or the melting pot. And the original mintages were already unusually small to begin with! For these reasons, we know you would like to add this historic silver set to your collection. Order your set — *today!* Our supply is *very limited.*

3-Piece Carson City Dollar Set

For the collector who appreciates the beauty and desirability of mint state Morgan Silver Dollars, but whose collection is tied to a budget, we would like to introduce our *money saving* "3-Piece Carson City Dollar Set". This set consists of three different Mint State 65 Morgan Dollars from the very popular *Carson City Mint*. The three dates in this set are:

1882-CC **1883-CC** **1884-CC**

These Carson City silver dollars represent a historic and romantic period of the United States. Just by holding one of these beautiful dollars, thoughts of the "Old West", cattle drives, and bouncing stagecoaches immediately come to mind. But even more important is the fact that these mint state silver dollars are becoming *very difficult to locate*. In the eighty-five years since they have been minted, Carson City dollars have been spent, bent, lost, damaged, and melted. How many really strict mint state dollars can possibly be left for the collector or investor of 1978?

Now comes the best part. If you were to individually purchase the three Carson City dollars included in this offer, their total price would be $143. However, if you act now, all three coins may be purchased for only $139 — a savings of four dollars!

Hurry! Quantities are limited. Once these dollars are gone, it may be many months before we can make a similar offer. Order your "3-Piece Carson City Dollar Set" *today*.

The Baby Zepp Is Growing Up

One of the most popular and most active of all United States stamps during the past twelve months has been the C18 — the famous fifty cent Century of Progress issue. This stamp was released in 1933 in connection with the flight of the Graf Zeppelin in October of that year. The famous airship is featured on the stamp.

Long referred to as the "Baby Zepp", the C18 has, until recently, been overshadowed by its older brothers — the three-piece Zeppelin issue of 1930. ***But those days are just about over!*** In the past year, the Baby Zepp has grown up! During that time, *the C18 has increased a whopping 37½% in value,* according to the 1978 and 1979 editions of Volume One of the Scott catalogue. As a matter of fact, aside from the 1930 Zeppelin issue, only one other regular issue United States airmail stamp catalogues higher in unused condition — an outstanding testimonial to the C18, especially when you consider there have been *ninety* separate airmail issues!

In Volume One of the 1979 Scott catalogue, the C18 lists for $110 in unused condition with Fine centering. However, in this month's *Paramount Collector,* we are offering superior mint, *never hinged* singles with Fine centering for *below* catalogue — just $80 each! And, we also have available for the demanding collector, mint, never hinged singles with *Very Fine* and *Superb* centering.

The entire market for early United States mint airmail stamps is very strong. The C18 is certainly no exception. In truth, it is one of the most popular! With values of choice quality United States stamps growing, NOW may be the best time to add the C18 to your collection. Remember, it has already experienced a 37½% gain in catalogue value in just one year, and the demand for mint singles is increasing. Be certain to order *your* C18 today.

A Caribbean Spectacular

Photos Enlarged

Imagine — a beautiful bronze *proof* coin 115 years old can be yours for less than one hundred dollars!

Occupying a portion of the island of Hispaniola, Haiti lies in the Caribbean Sea between Cuba and Puerto Rico. It is the second oldest republic in the Western Hemisphere (the United States is the oldest) and has a long and rich history of issuing coins bearing attractive and intricate designs.

Situated in a semi-tropical climate, many Haitian coins are found corroded and discolored. You can imagine our surprise when we uncovered a small group of bronze 1863 Dix (10) centime pieces in proof condition in an English estate we purchased. 1863 is the only year of issue for this coin and apparently the coins in the estate never saw the harsh Haitian climate as they are absolutely breathtaking.

World coin specialists know what an outstanding opportunity this is for them to acquire a beautiful specimen of a popular type coin. It may be years before another group containing coins as nice as these is ever found — *assuming the very remote possibility that such a group even exists!*

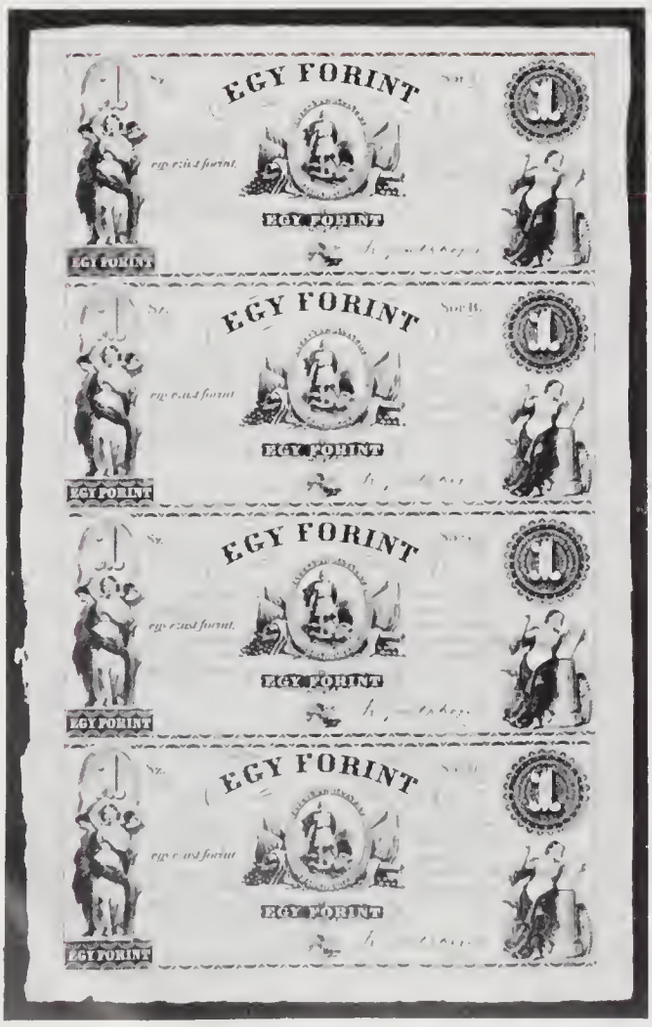
A Hungarian Legacy



In 1851, Hungarian statesman and ardent nationalist, Lajos Kossuth, came to the United States to seek support for the cause of Hungarian independence. While here, he had the prestigious printing firm of Toppan, Carpenter, Casilear & Co. print a quantity of Egy (1) Forint notes in an attempt to promote his cause. But despite the jubilant response he received wherever he went, Kossuth obtained little material aid and in 1894, died while in exile in Italy. In the years since, both Kossuth and his Forint banknotes have faded into history.

We recently received a small group of *uncut* sheets of four Egy Forint notes from our London office. These are the same notes Lajos Kossuth had printed 127 years ago! They had apparently laid undisturbed for many years because each and every sheet is crisp and fresh —immaculate in every sense of the word!

The historical significance of these sheets cannot be ignored. That, plus their beauty and detailed workmanship makes our price of just $19.50 per sheet seemingly unbelievable. Place your order today to be certain of receiving *your* uncut sheet of Lajos Kossuth's Egy Forint notes.

GOLD

AN ITEM OF LASTING BEAUTY

Gold — the ultimate acquisition. There is not a collector alive who would not like to see brilliant, glistening gold in their collection.

We have carefully assembled two different United States gold type sets, each containing a $2½, $5, $10, and $20 gold coin in brilliant uncirculated (Mint State 60 or better) condition. The first set will feature coins with the classic Liberty Head design. This design was used from the late 1830's into the twentieth century. The second set includes the popular $2½ and $5 gold coins with the incuse Indian Head design. (They were the only coins issued by the United States whose design was actually *below* the surface of the coin.) Also included is the $10 Indian Head gold coin and the magnificent $20 Saint-Gaudens. The Saint-Gaudens is often referred to as the most beautiful coin ever issued by the United States, and one of the most beautiful in the entire world.

Either set would make a handsome addition to any collection — an addition certain to bring enjoyment and pleasure for many years to come. Gold. You've heard so much about it. Now, it can be yours.

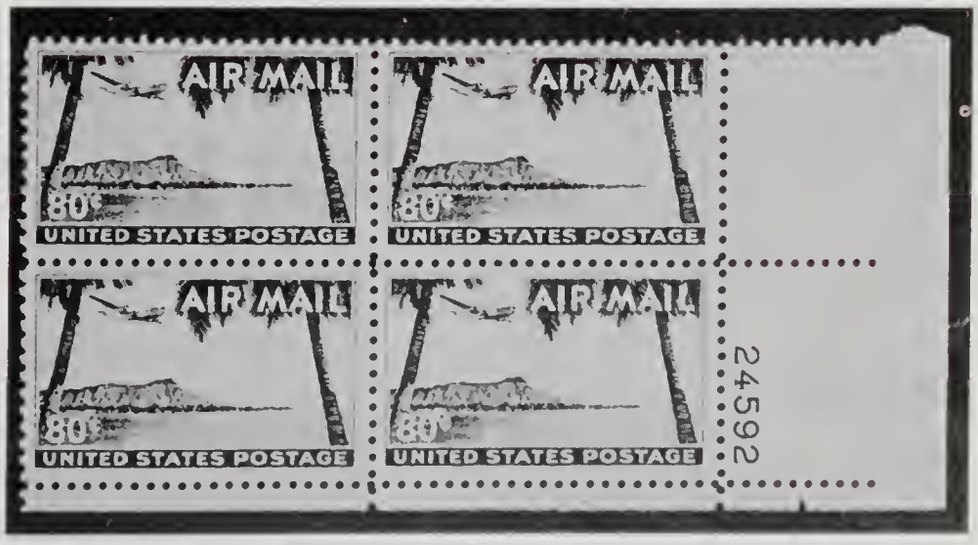
C46 — Still Flying High!



This beautiful plate block has to rate among the most popular in the entire U.S. Airmail series. Each stamp features a plane in flight over breathtaking Diamond Head in Honolulu, Hawaii. THE ONLY COIN FROM P.E.I.

In 1871, Prince Edward Island, now part of Canada, issued a one cent piece featuring the bust of Queen Victoria. In 1871, no one seemed to notice. It's now 1978 and people have noticed. The 1871 one cent piece is the only coin Prince Edward Island ever issued. *The only one!* For that reason, this coin has received worldwide popularity with coin collectors. Not only is it a one year type, it's also a one country type!

Usually found heavily circulated, mint state examples of this coin have been very difficult to locate. Quite often, the mint state examples that have been available have shown signs of corrosion due to the salt air and water surrounding the Island. But recently, Paramount acquired a small amount of these coins in original MS-65. They had been lying in a bank vault since shortly after they were struck. Consequently, they have never been exposed to the salt air and water and each is original as it can be.

If you wish to add an example of this scarce coin to your collection, we offer them in MS-65 for just $195 each. Naturally, because of their worldwide appeal, we don't expect our stock to last long, so order now!

WE DID IT AGAIN!

An Original Roll of 1893 Eagles

Our buyers did it again! They just purchased an *original roll* of Mint State 1893 Liberty Head Ten Dollar gold pieces (Eagles) from an old-time European collection where they had laid undisturbed for at least forty years! Each and every coin exhibits *full original color and lustre.* Better still, they all grade Mint State 60+ — a condition superior to many of the Eagles encountered by today's collector.

The 1893 Eagles we offer are perfect for the type coin collector, or for the person wishing to "put away" a coin or two for a few years. So, if you would like to see one of these *original* Eagles in your collection, place your order as soon as possible. After all, an 1893 Eagle from an original roll is not a coin you see everyday!

U.S. Type Gold – Individual Pieces

The most popular way to collect U.S. gold coins is to assemble a Type Set. A Type Set includes a representative example of each major design and denomination. Thus, a Type Set of Double Eagles ($20 gold pieces) will contain only two coins: A Liberty Head and a Saint-Gaudens.

The price of gold has been in the news recently and many new collectors have found that Paramount offers the widest range of grades and prices for gold coins in the numismatic world. This is only natural, as Paramount's multimillion dollar inventory and unsurpassed reputation for accurate grading and fair prices are well known to experienced collectors! When you shop at Paramount for gold coins, your satisfaction is guaranteed!

When ordering a Type coin from the list below, dates will be of our choice. If you are searching for a specific date, please write or call for prices and availability. Our Rare Coin experts are waiting to serve you.

War Money

In 1942, in the midst of the Second World War, the United States War Department planned the invasion of North Africa to stop the daring German Field Marshall Erwin Rommel, the famous "Desert Fox". As a protective measure, special currency was printed for use by U.S. forces in the invasion. These notes are identical to the then circulating silver certificate *except* for their bright *yellow* Treasury Seal. The reason for this special easily recognizable issue was that in case the invasion failed and large amounts of the currency were captured by the enemy, the notes could be declared worthless. Fortunately, the invasion succeeded and today, these North African invasion notes are still legal tender and fully redeemable at their face value.

Naturally, due to war-time conditions and military priorities, few people took the time or effort to save North African invasion notes. As a result, the vast majority that have survived are worn and tattered. However, Paramount recently located a small group of $1.00 invasion notes that were put away soon after they were printed. Each and every one is crisp uncirculated — crackling fresh!

Take advantage of our fortunate purchase by adding one of these seldom seen crisp uncirculated North African invasion notes to your collection. The available supply is quite limited and once they are gone, it may be some time before we replenish our inventory.

Banned Gold!

Just four short years ago, the 1951 Saudi Arabian one pound gold coin was *banned* in the United States. But the law was changed and today, hundreds of collectors enjoy having this beautiful and unusual coin in their collection.

While attending a recent Washington, D.C. coin show, our rare coin buyer purchased a small group of assorted foreign gold coins from a private collector. Included in this group were several 1951 Saudi Arabian one pound gold coins, each and every one fully mint state. And while they remain, you may add one of these attractive gold coins to your collection for just $89.00.

The 1951 Saudi Arabian one pound gold coin is identical in size and gold content (almost ¼ troy ounce) to a British sovereign, yet the sovereign usually sells for a higher price. This fact alone virtually guarantees that we will sell out. If you would like to add this Saudi Arabian gold coin to your collection, order today. Tomorrow may be too late!

Scarce Liberia Space Imperfs

In March of 1973, Liberia issued a set of six stamps and a souvenir sheet commemorating the space flight and moon landing of Apollo 17. These stamps were issued in normal quantities and are listed in the Scott Catalogue as No. 623-628 and No. C196. At the same time, Liberia also issued this colorful set *imperforate*. Only 2,000 of these scarce imperforate sets were printed! Now *you* can be one of the few persons who will ever own this desirable set.

Paramount has only a very small quantity of this truly scarce and seldom encountered set. These are all that remain from an offering made several months ago. But while they last, we are once again making these sets available on a first-come, first-served basis.

Topical and general collectors alike will not want to miss this opportunity to add these beautiful Liberia Space Imperforates to their collections. Remember — only 2,000 imperforate sets were issued and of those, only a few remain. Be certain to mail your order early for this colorful and delightful set.

An American Tribute To A Spanish Explorer

Eight years of slavery, hostile Indians, swamps and starvation are just a few of the hardships endured by Cabeza de Vaca on his expedition from Florida to Texas in the early 1500's. After failing to find "gold and riches", de Vaca and his men headed west for the Spanish colonies in Mexico. But the hostile environment and poor preparation took the lives of all but four of the original landing party.

Minted exclusively in 1935, the Old Spanish Trail commemorative half dollar boasts a low mintage of only 10,008 and stands as a lasting American tribute to the trek of Spanish explorer Cabeza de Vaca. According to the 1969 and 1979 editions of *A Guide Book of United States Coins* (Red Book) by R.S. Yeoman, this coin has increased an amazing 150% in value during the past ten years! And choice coins are harder than ever to find!

Take this opportunity to add a beautiful Mint State 65 Old Spanish Trail commemorative half dollar to your collection. Many dealers feel "commems" may be one of the next "hot" items on the numismatic market. While this cannot be guaranteed, one fact is certain: The Old Spanish Trail half dollar is already a scarce and desirable coin. And if additional collectors and investors turn to United States commemoratives, just think what this may do to this limited issue coin!

Back In Stock!

The 1925 Peace Dollar has performed spectacularly during the past year. Just last November, we offered choice Mint State 65 specimens for $17. Today, we ask $29 — a gain of almost 59% in value in just ten months. Yet, orders continue to come in!

Demand for this coin was so great, we had difficulty filling the want lists of many of our customers. There just weren't enough 1925 Peace Dollars to go around! As a matter of fact, we didn't even price this coin in MS-65 in the *Paramount Collector* for seven months — we just placed a bold **WTD** by the date. But we now have good news for our many customers. **THE 1925 PEACE DOLLAR IS BACK IN STOCK!**

Our buyers recently acquired two rolls of 1925 Peace Dollars. These rolls were very choice as the majority of the coins were a full MS-65. Some of the coins are brilliant, others toned. But each and every one is original and guaranteed to please even the fussiest collector!

NOW is the time to add this coin to your collection. Demand for choice Mint State Peace Dollars continues to be at an all-time high. And consider this: Only *four* Peace Dollars are available in MS-65 condition for under $30, and of these, the 1925 has the lowest mintage! It's easy to understand why *now* is the best time to add this popular coin to your collection.

Saved From Economic Turmoil

Scarce Romanian Coin Set

In 1867, Carol the First was Prince of Romania. By this time, the Crimean War and conflicts of the eighteenth and nineteenth centuries had produced many economic problems. As a result, Europe was thrown into a state of turmoil. In an effort to help stabilize the country's problems, the Romanian government commissioned the famous Heaton Mint of Birmingham, England, to strike its first official coinage. Four denominations of copper coins, the 1, 2, 5, and 10 Bani, were minted and sent directly to Romania and placed in circulation. A very small quantity though never left England. These remained untouched and virtually unnoticed until recently when they were acquired by Paramount.

We have taken these beautiful *original mint condition* Romanian copper coins and have placed them in an attractive plastic holder. While our limited supply lasts, we offer these four-piece Romanian sets for just $89.50 a set. If you are interested in truly choice nineteenth century world coins, then this set is for you! Order today.

Just Four Left!

Just four left — that's how many 1883 Hawaiian quarters we have left from a small group we acquired a few months ago. Many people took advantage of our offering at that time to acquire one of these seldom seen Mint State 65 quarters. For those who didn't, THIS COULD EASILY BE THE LAST TIME WE WILL BE ABLE TO OFFER THIS COIN! If you have put off adding this coin to your collection, *don't delay any longer.* Once these four are gone, we may never locate another group of comparable quality. Order today.

Czarist Gold

Gold coins of all nations have been enjoying an increasing popularity among collectors. Everywhere you look, you can see evidence of this strong demand.

Russian gold continues to be an all-time favorite. Whenever this two-piece gold set is offered, we are literally swamped with orders. The 5 and 10 roubles of Nicholas II, the last Russian czar, represent the last gold coins issued before the Russian revolution in 1917. This makes them highly sought after as type coins.

The 5 rouble was minted between 1897 and 1911 and the 10 rouble between 1898 and 1911. Due to a recent purchase, we were able to obtain several dozen sets of the 5 and 10 roubles which we are offering for sale at this time. These coins will grade Very Fine or better and each set will be carefully matched to insure your complete satisfaction. We might stress that Russian gold is very popular and an early order on your part might avoid disappointment.

POPULAR LINCOLN CENT COLLECTION

Sometime in 1978, Congress is scheduled to discuss the fate of the dollar, half dollar and one cent piece. While there is a strong possibility that the one cent piece will be saved, no one can yet be absolutely certain. But in either event, one thing is certain: Any Congressional interest in the one cent piece is bound to cause increased collector attention.

For those of you who may have overlooked the Lincoln cent, Paramount has assembled an attractive 1959-1977 Lincoln Memorial cent collection in brilliant Mint State 60 or better condition. This set will include every date and mintmark issued for circulation, including the popular 1960-P and D Small Dates. (The 1970-S Small Date, 1972 Double Die, and proof-only issues are not included.) And — the set will be mounted in a deluxe bookshelf style coin album!

Order a set today while the availability is the greatest — and before the one cent piece is once again in the spotlight!

Scarce Commemorative Gold

In 1901, William "Big Bill" McKinley was assassinated by anarchist Leon Czologsz. Like President John F. Kennedy, McKinley was shot while receiving public acclaim. He was quietly succeeded by Theodore Roosevelt. It was in 1916 that the Congress authorized the United States Mint to issue a commemorative gold dollar for this martyred president, and the first coins were minted that year. The mintage figure on this dollar is very low and they are extremely scarce today in all conditions. Now *you* can own an unbelievably choice Mint State 65 specimen of the scarce 1916 McKinley commemorative gold dollar.

In a salute to this assassinated president, we are offering Mint State 65 specimens of this seldom encountered coin. When we previously extended this opportunity, in the April *Collector*, we almost sold out! Now we offer them once more. Regularly issued one dollar gold pieces are now selling in excess of $700 in this condition (when you can find them!) and many of these have mintages far in excess of the mere 9,997 specimens of the 1916 McKinley Memorial gold dollar. No wonder that people eagerly pursue this gold dollar commemorative!

All gold commemoratives are scarce, but in this condition they are especially so. As a tribute to a great Ohioan, a president whose administration was cut short by the assassin's bullet, there can be no more fitting memorial than this golden rarity. If you missed your opportunity before, don't be disappointed again. Order your 1916 McKinley Memorial gold dollar *today!*

1891 Dollar in MS-60+

Included in a collection we recently purchased was a small group of 1891 Morgan Silver Dollars. Despite their high quality, our rare coin experts decided these dollars just did not meet the strict standards we demand for Mint State 65. They were forced to grade the dollars *Mint State 60+*. **We have seen inferior dollars offered by other dealers as "Gem BU" or "Choice Gem Uncirculated".** While these dealers' descriptions are often fancier than ours, *their quality is not!* After all, what other dealer besides Paramount is so confident in their grading standards that they offer a *Six-Month Money Back Guarantee* on mint state Morgan Dollars? No one! Paramount is the *only* dealer.

If you are looking for quality silver dollars at fair prices, Paramount is the only dealer to whom you should turn. The fact that we call these attractive 1891 dollars MS-60+ and *not* MS-65 shows why our strict grading standard is unchallenged! Place your order today for an 1891 MS-60+ Morgan Dollar. You will be glad you did!

Art Glass Paperweights

In the late 1800's a wonderful new art form rose to popularity in the United States. American Art Glass. Introduced during the Art Nouveau period — 1890-1920 — art glass was especially popular from 1890-1910. Particularly sought after were the exquisite lamps, stained glass windows, vases and paperweight glass created by Louis Comfort Tiffany.

A Renaissance in Art Glass

After nearly 50 years, a renewed interest in all facets of the Art Nouveau period has also spurred interest in art glass. Indeed, glass pieces reminiscent of the Art Nouveau and Tiffany eras have left their marks on history and on the collector's market. It is not unusual for Tiffany creations that originally sold for a few hundred dollars to bring $30,000 to $50,000 on today's market!

A Strictly Limited Edition

Now you have the opportunity to acquire the very **first** glass paperweight created in **Limited Edition** exclusively for Paramount Classics. Only **250** of these lovely art glass paperweights will be available to collectors!

In the Tradition of Fine Art Glass

This magnificent hand-crafted paperweight is reminiscent of the Favrile glass created by Louis Comfort Tiffany, America's foremost creator of art glass. Favrile is the name given his translucent glass with an iridescent finish. Our beautiful art glass paperweight is a rich blue — inlaid decoration with an overall iridescence and highlighted with "threading", long, slender strands of molten glass wrapped around the outer surface.

How Art Glass Began

Glass has been a favorite of man since ancient times. Indeed, ancient glass has had a tremendous influence on the style and methods used to create contemporary pieces. For example, glassmakers continue to imitate the surface deterioration found on many pieces of ancient glass. Deterioration is manifested in lustered effects or utilized as part of the overall design in the form of threads and patches pulled into fantastic forms with the glassmaker's tools.

To achieve the softly iridized jewel tones in your paperweight, the glassmaker added layers of beautiful amethyst glass until the desired size was achieved. Another layer of white glass was then applied to the top to achieve the flowered effect. After being heated, the white glass was gently worked into the amethyst surface. Threading was applied last with much care given to see that it did not melt during the final firing.

Art Glass — Each One is Unique

Because every paperweight is hand-crafted, yours will be absolutely unique. Indeed, no two of the 250 paperweights in the exclusive Limited Edition will be alike! Each will vary in its design, hue and iridescence, yet each will be a perfect example of the finest in contemporary art glass! And carefully created in the tradition of the glass masters, every paperweight will be composed of over a pound of solid art glass. Moreover, **each paperweight will be individually hand-signed, numbered and dated by the artist!**

Send Your Order Today

If ever you have searched for that perfect piece of glass to highlight your home or office, this exquisite art glass paperweight is it. Because it is as unique in its style as you are, you'll be proud to display it to your family and friends. And remember, there won't be another paperweight in the world exactly like yours. Unique. Art Glass Paperweight $48.50

Size — 2¾" in diameter

Contrasting glass is carefully worked into the surface to obtain special shapes and designs within the paperweight.

"Threading" is achieved by wrapping long strands of molten glass around the paperweight with special care given to see that the glass does not melt.

United States Silver Commemoratives

United States silver commemorative coins include some of the most beautiful and artistic designs of any United States coinage. Their beauty and boldness of relief is admired by collectors throughout the entire world. Their mintages are consistently small, often less than 20,000 pieces, and according to the respective editions of *A Guide Book of United States Coins* (Red Book) by R.S. Yeoman, the fifty-piece commemorative type set has more than tripled in value in the last ten years. Yet, many United States commemoratives can still be purchased in mint state condition for less than $50 each.

Considering their low mintages, unique designs, and historical interest, United States silver commemoratives may certainly be a series whose future is clear.

A Bicenten

The most exciting philatelic item ever issued by the United States Postal Service was the beautiful set of four different souvenir sheets commemorating this nation's Bicentennial. Since its issue, we have been swamped with inquiries from our many customers asking when Paramount will be offering this very popular set. For these many people, we have GOOD NEWS! Our philatelic buyers have just reported they recently purchased a stamp dealer's entire stock of 1976 Bicentennial souvenir sheets! Each set is *superb* — Post Office fresh in every sense of the word! Without question, finer sets do not exist!

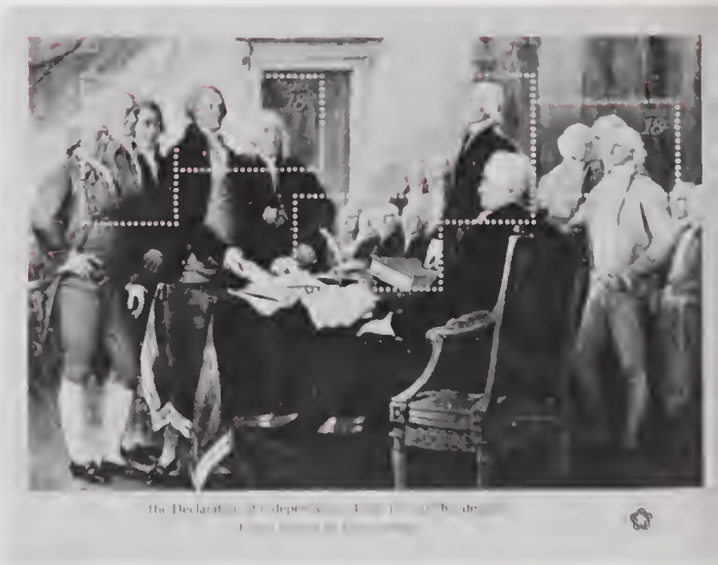
Bicentennial souvenir sheets were released in 1976 through a small number of selected Post Offices. In fact, the vast majority of Post Offices were not even privileged to handle them! This severely restricted their distribution causing these sheets to become *immediate favorites* with collectors and investors alike. This, in turn, has caused their value to steadily climb. Today, their popularity and beauty are unchallenged!

Each of the four multi-colored sheets comprising this stunning Bicentennial set features a well known painting depicting a famous Revolutionary War event. Featured in minute detail are these paintings:

- The Surrender of Lord Cornwallis at Yorktown
- The Declaration of Independence, 4 July 1776 at Philadelphia
- Washington Crossing the Delaware
- Washington Reviewing His Ragged Army at Valley Forge

The Surrender of Lord Cornwallis at Yorktown

The Declaration of Independence, 4 July 1776 at Philadelphia



al Treasure

Each souvenir sheet contains five stamps, all with the same face value. Depending upon the sheet, the face value of the stamps will be either thirteen cents, eighteen cents, twenty-four cents, or thirty-one cents.

Never has the Post Office issued a set like this! Its beauty, popularity, detailed workmanship, historical significance, and superb condition makes the 1976 Bicentennial souvenir sheets an absolute MUST for every collection. And there is no better time than *right now* for you to acquire this desirable set!

The Bicentennial of the United States will be warmly remembered for many years to come. These lovely souvenir sheets will provide a constant visual reminder of that historic occasion and will make those memories all the more speical. Place your order early as we expect these Bicentennial sheets to be one of the most popular items ever offered by Paramount.

The Legendary Gold Sovereign

The legendary British gold sovereign can be yours for only $99. First issued in 1817 during the reign of George III, the sovereign quickly established itself throughout the world as an easily recognized gold coin useful in trade. Its popularity has continued to grow until it is now perhaps the most popular gold coin of its size and is housed in many collections.

NOW is your chance to obtain a beautiful example of this historic coin. We have several pieces in stock featuring the "Young Head" design of Queen Elizabeth II, each struck between 1957 and 1968 and grading AU-55 to MS-60. Because of the limited number available, dates will be of our choice.

British Gold Sovereign, Date of Our Choice (1957-1968), About Uncirculated 55 to Mint State 60, Just $99.00

(Price subject to change in the event of significant gold market fluctuation.)

STAMPS WITH PROVEN COLLECTOR VALUE

Perfect for the growing stamp collector, Paramount Philatelics has assembled a special United States stamp collection containing only quality commemorative and airmail stamps in the finest condition. None of the stamps have ever been hinged, and all are as bright and fresh as the day they were printed. Of special importance is the fact that this collection will not include any recently issued stamps. It will only include stamps with *proven collector value*. Better still, we are offering this outstanding collection for *below* its catalogue value!

Because of the pristine, never hinged quality of the stamps comprising this collection, a specially designed album will be included so that every stamp in this offer may be displayed without the aid of stamp hinges or mounts. This is very important since collector, dealer and investor demand is strongest for mint (unused) stamps which have never been hinged.

Total Scott Catalogue value of the stamps contained in this collection will be *at least $75*. But while quantities remain, this specially assembled collection is available for just $69.50, and the album will be included at *no additional cost!* And don't forget, the stamps you will receive are in choice mint condition — nicely centered and never hinged. That, alone, guarantees the desirability of this collection. Place your order today.

Stamp Collection With Album, Mint, Never Hinged **$69.50**
